

Electric Water Heater Rebates for Cooperative Members

EXISTING HOMES:

Rebate for 1/2 of
purchase price, up to

\$200

NEW HOME:

Rebate for total
purchase price, up to

\$500

Unit must have a radio-controlled switch
(provided & installed by Mid-Ohio Energy) for
participation in the co-op's load
management program.

Mid-Ohio Energy is offering rebates to cooperative members who install a new electric water heater. This rebate is only available to members. The water heater must be installed within the last 12 months to qualify for incentives.

SPECIFIC REQUIREMENTS: The water heater must be installed at a location receiving electric service from the cooperative.

- Tank capacity must be 50 gallons or more
- Heating elements must be 4500 watts or less
- Tank must have a warranty of 8 or more years
- New as of 2023: Heat pump water heaters are now eligible for this rebate
 - Heat pump water heater must be 55 gallons or less.
 - Heat pump water heaters don't require a load management switch
- Solar and on-demand water heaters do not qualify.

The water heater must be greater than 90 percent efficient, with an Energy Factor (E.F.) of 0.91 or higher, based on the GAMA Efficiency Rating Directory.

Solar and on-demand water heaters do not qualify.

All rebates are issued in the form of a check or credit to the member's electric account. A maximum of two water heater rebates may be paid per home or facility per program year.
